

POINT OF SALES

One point of sale for all your departments. That means employees can work at any point of sale :

- Ticketing
- Season passes
- Cafeteria
- Retail Sales
- F&B table service
- Rentals
- Snow Sports School
- Locker management

Touchscreen optimised;

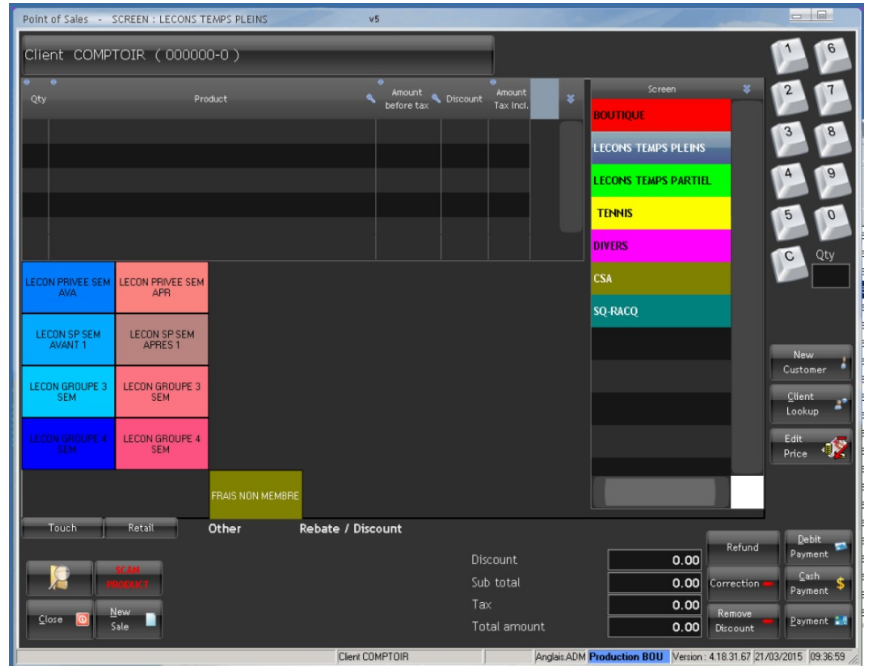

Customer identification by barcode, magnetic

strip, RFID reader or finger print;

Product identification by barcode;

Payment integration;

Cash register per employee OR multiple employees on one cash register

KEY DIFFERENTIATORS

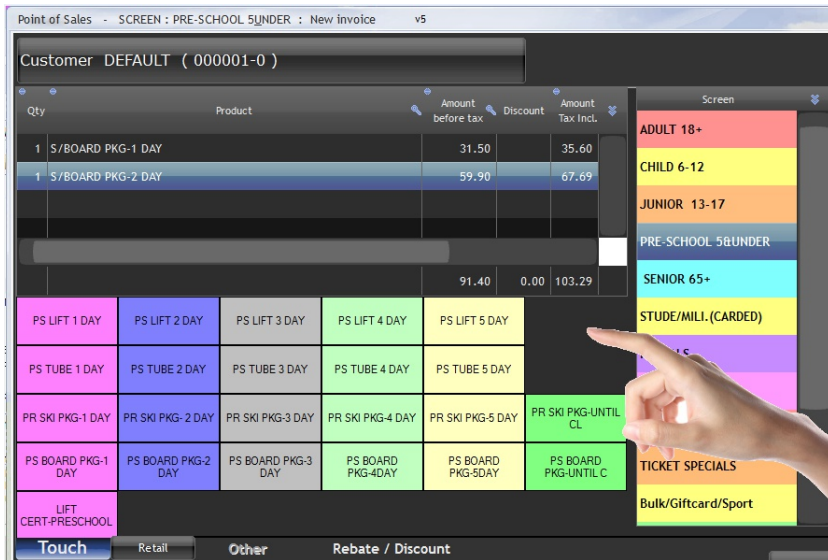

Management
Managers can run their own reports at their desk. Unlimited user installation
Employees
Train your employees on one system and they can move to any department.
Customers
Faster transaction time means a shorter wait time

- A simple transaction with cash payment can be done in 3 seconds;
- A simple transaction with credit card can be done in less than 9 seconds;
- One stop shop : you can sell a ticket, a rental and a lesson at the same time;
- Same interface for all types of POS;
- Fully touchscreen
- Unlimited number of payment methods for one sale;
- EMV certified for the payment by debit or credit card;

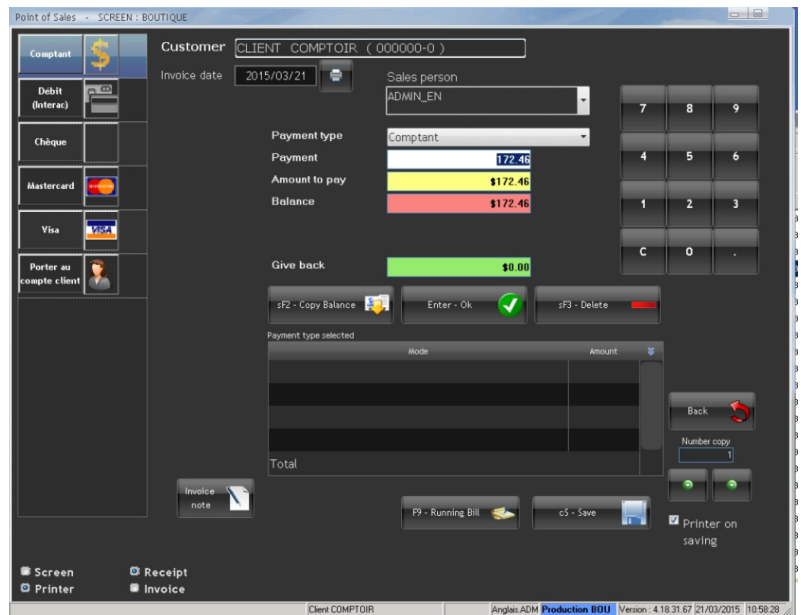

ACTIVATE YOUR BUSINESS. GO

- The POS has been developed to use touch screen technology in your fast paced environment. Eliminate the Keyboard and mouse in F&B, retail and rental.
- Flexible hardware configurations depending on departmental requirements
- End of day cash out
- F&B tip + gratuity tracking
- User based access & security
- Gather Zip/Postal codes
- Define buttons for lesson reservations
- Prompt for barcode

- The payment screen shows you only the payment modes that you need, and use multiple payment types to complete a sale
- Real time reports
- EMV Certified/PCI Compliant in the US & Canada (Chip and Pin)
- Add comments to invoices on the fly
- Optional receipt printing vs screen view
- Accounts receivable management
- Accept customer deposits for future services
- Export any list or report that has been generated in the system
- Export invoices and statement to email
